

Community Shares is Your Fund for Change

Community Shares supports 48 members groups across Tennessee.
Of those 48 nonprofit 501(c)(3) organizations,
24 are participating in this year's

TENNESSEE EMPLOYEES CHARITABLE CAMPAIGN

We are proud to represent groups that are working to make
Tennessee an even better place to live.

Community Shares is a statewide federation of grassroots organizations that give people the tools to help themselves, their communities, and the environment, locally and across the state of Tennessee.

If you have never made a charitable gift through the TECC before, we encourage you to add your name to the list of thousands of state employees that participate through payroll deduction giving.

Many people say, *"What difference can my small gift make?"* Well, it's not one small gift that makes a difference. It's thousands of small gifts added together that can change things for the better. Be a part of the change.

If you have given to the campaign before but can *give more in 2005*, please consider giving 10% more than you did last year. That increase can go a long way toward improving the lives of Tennesseans across the state.

**These groups are making a difference, and so can you.
Contribute to Tennessee.
